RUMANIA AND TEUTONS ARE NEGOTIATING

Rumanian Cabinet Reported to Have Resigned — Bulgaria is Offered Dobrudja in Exchange for Bessarabia by Rumania.

COPENHAGEN, JAN. 30.—Separate peace negotiations have been opened between Rumania and the Central Empires, according to information received here today from an authoritative source.

Rumania is said to have consented to return Dobrudja to Bulgaria if allowed to annex Bessarabia in compensation.

(Dobrudja is the strip of territory lying between the Danube river and the Black Sea. It formerly belonged to Bulgaria, but was annexed by Rumania after Bulgaria was defeated in the second Balkan war. Bessarabia is a Russia province now included in Ukraine).

The foregoing information was followed by two highly interesting and significant reports:

1.—That the Rumanian cabinet has resigned.

2.—That serious dissensions have broken out in the Bolshevik regime at Petrograd over the question of a separate peace between Russia and the Central powers.

It has become apparent that Germany is playing a cunning diplomatic game in the east. First the German envoys concentrated their attention upon the Bolsheviks. When this par-

Villa Directs An Attack on A Work Train

JUAREZ, MEX., JAN. 30.—Francisco Villa is declared here today to have led the attack on a work train 25 miles south of Santa Rosalia last Saturday in which more than 110 soldiers and passengers were killed. After killing the workmen and federal guards aboard the train it is reported the Villa forces proceeded to Santa Rosalia where they attacked the small Federal garrison, killed many and looted the town.

Troops were sent in pursuit, but the Villistas fled into the mountains. Because of the activities of the bandits all train service between Chihuahua City and Torreon has been suspended.

MEDICAL EXPERT IS DETAILED TO EACH CANTONMENT

WASHINGTON, JAN. 30.—Medical secret service, men are today on the job to combat diseases in the vicinity of all the large camps and cantonments.

A medical officer, skilled in the detection of communicable disease, and an authority on sanitary questions, has been detailed to each camp. His status is parallel with intelligence officers of other corps of the service, and his work lies entirely outside the cantonment area proper. He cooperates with both the police of the municipalities and with the military police. He lives among the natives and his permanent object is the combating of social diseases and the apprehension of "bootleggers."

He rarely appears in court in his official capacity, but recommends the arrest of suspected persons and turns over what evidence he may have to the prosecuting attorney for action.

BIRTH NOTE

A daughter was born this morning to Mr. and Mrs. Noah Grant of R. 4.

SHOW DOWN AT CAPITAL POSTPONED

President and Congress Observe Armistice During Army Probe.

TO VOTE AGAIN

ON WAR CABINET

Senator Ollie James to Answer Chamberlain for the Administration.

By ROBERT E. SMITH.

(International News Service)

WASHINGTON, JAN. 30.—"A show down" in the contest between the president and congress over the conduct of the war has been postponed until after the army investigation has been completed. It may not take place until after next week according to present plans of leaders.

Charges have been made that the war cabinet bill was slipped thru the senate military affairs committee on a misunderstanding on the part of some of the administration members. Supporters of the measure vehemently denied this today but Senator Chamberlain, to remove all possible doubt about the propriety of the action, has decided to submit it again to a vote of the committee.

"I would rather it fail than have it said that we didn't give every one an opportunity to vote for it with his eyes open," said Senator Chamberlain.

Backers of the war cabinet and munitions' dictatorship measures insisted today they were gaining strength rapidly. It was understood that Howard E. Coffin, chairman of the aircraft board, endorsed the principle of the reconstruction measure in an executive session of the military committee yesterday. Secretary of War Baker's request yesterday for two new assistant secretaries of war was regarded as an admission that the job had grown too big for one man.

Administration forces were uncertain as to their plan of defense at today's session. It had been their intention to answer Senator Chamberlain's charges against the war department. (Continued on Page Eight)

Patterson Is Shifted To Capital

Riley Patterson, formerly of this city, Adams express agent at Akron, has been transferred to the Columbus office of that firm.

Patterson is the son of Mr. and Mrs. Benjamin Patterson, of North Eighth street, and was agent at the local office of the express company some time ago. He has many friends in this city who will be pleased to learn of his rapid advancement in his profession.

JUDGEMENT FOR THE PLAINTIFF

The case of Ira Ducklew v. James and Arabella Ducklew was heard by Justice Levi Williams, Tuesday afternoon. The case was an action to recover on a contract for the purchase of a team of horses. After hearing the case Justice Williams rendered a judgment for the plaintiff in the amount claimed, which was \$51.69 and costs.

NOTICE TO CLASSIFIED ADVERTISERS

From and after January 28th no classified advertising will be carried in this paper unless the cash accompanies the order. The past policy of the paper to carry this kind of advertising on a credit basis has been abused to the extent of many dollars every month. A schedule of rates stands at the head of the Classified Column and advertisers can easily compute the cost of their ads after they have written them. Country advertisers can mail the price of their ads along with their copy. All ads should reach this office by 11:30 a. m., to insure their proper insertion that day.

ICE GORGES BREAKING UP CAUSE PROPERTY LOSSES OF MILLIONS OF DOLLARS

FEBRUARY ALMOST A CONTINUAL ROUND OF WORKLESS DAYS

Friday will usher in a month of holidays, as February is full of red letter days.

On Saturday, February 2, Mr. Ground Hog will come out from his winter quarters, and will decide whether the now over-worked clothing must hold out for six weeks' more of constant wear.

Both Washington's and Lincoln's birthdays come in February, both of which are widely observed as holidays. In reality, only the former is a legal holiday, and schools, banks, and many other business places will be closed in commemoration of it.

Another day of interest is February 14, when St. Valentine's day is observed. Hearts and cupid are already being given prominence in many window displays, and many a youthful lover is watching his finances closely to see if they will warrant the purchase of candy or flowers for her.

In addition to these days, there will be four of the fuelless Monday holidays and four Sundays in February.

However, no one class of people will enjoy the benefits of all of these days. Banks remain open on fuelless Mondays, and schools also are open on these days. And quite a number of people who are idle on Mondays will not find it convenient to observe Washington's birthday as a holiday.

CLASSIFICATION OF REGISTRANTS

CONESVILLE LADY CLAIMED BY DEATH

Mrs. Israel Jones, aged 67, died Tuesday afternoon at the home of her son, Israel Jones, in Conesville, from a complication of diseases. The body was sent to the home of her daughter, Mrs. William Jones, on Wilson avenue, Tuesday night, where funeral services will be held Thursday afternoon at one o'clock. Rev. C. H. Hood will be in charge, and burial will be made in South Lawn cemetery.

Catherine Larr was born in Coshocton county, and spent practically her entire life here. She was married to Israel Jones 47 years ago. Following the death of her husband 17 years ago, Mrs. Jones made her home with her children.

When quite young, she became a member of the Christian church at Willow Brook. She lived an honest, upright life, and was always interested in the welfare of others.

She is survived by six daughters, Mrs. William Jones, of Coshocton, Mrs. George Cox, of the Roscoe vicinity, Mrs. George Corder, of Tringway, Mrs. Lancelot Hall, of Roscoe, Mrs. Clyde Pearce, of Akron, and Mrs. Earl Mills, of Hanover; two sons, Israel Jones, of Conesville, James Jones, of Coshocton; two sisters, Mrs. Ellen Teasel and Mrs. Fred Felix, of Coshocton; and two brothers, William Larr, of Conesville, and Delno Larr, of Newark.

HARRY ROBSON AT WACO, TEXAS

Harry Robson, Coshocton boy who enlisted in the aviation department of the United States army a short time ago, has been transferred to the aviation field at Fort McArthur, Waco, Texas. Robson took the examination for entrance to the aviation corps at Cleveland and was sent to Fort Thomas, Kentucky, to enter training. The aviation field at Fort McArthur is a big one and the majority of the recruits in this department are now being sent there.

WARSAW STORES TO CLOSE AT SIX

Warsaw merchants have decided to close their stores at six o'clock every evening except Saturdays, as long as the present fuel shortage exists.

The majority of business places throughout the county are being closed early every evening during the week, thus changing the custom years of remaining open until nine and ten o'clock.

Flood Situation In Middle West Worst In Years—Only Cold Snap Can Prevent Widespread Disaster In Ohio River Valley.

(International News Service)

Millions of dollars worth of property and scores of towns along the Ohio, Monongahela and other rivers in Ohio, Pennsylvania, West Virginia, Kentucky, Indiana, Tennessee and southern Illinois are menaced today by the most serious flood situation in years.

Only a cold wave can check the melting of snows that is pouring torrents of water into already swollen streams and it is believed, avert grave disaster.

Ice in the Ohio river and its tributaries is piling up and threatens to crack under the pressure of the water. Should the ice packs break and start moving, it is feared, floods would sweep the rivers clean and inundate vast areas.

Traffic in many localities already is tied up and railroad tracks buried several feet under water. River navigation is paralyzed, scores of steamboats and barges have been destroyed and others, frozen in at winter anchorages, will be swept away if the ice breaks.

Morgantown, W. Va., reports highest water. The river there has reached 38.4 feet, the highest point in seventeen years. Telegraph and telephone lines are down and the town is cut off from the outside world.

On the Monongahela river the ice floe is reported checked at Brownsville, Pa., and an attempt is being made to dynamite the gorge. Thousands of acres in the vicinity of Brownsville have been inundated.

At Evansville, Ind., river men are watching with apprehension a gorge in the Green River. River craft valued at \$1,000,000 lie in the path of the flood. The river there is still rising.

Flood conditions throughout Kentucky are regarded as more threatening today than they were yesterday.

At Cairo, Ill., an ice gorge which has been holding for two weeks broke early today and started moving today toward the Mississippi river. The breaking of the gorge lowered the water and left many boats stranded along the banks. Other boats caught in the flood were swept down the river and may be destroyed.

SENATOR HUGHES DIES TODAY IN TRENTON HOME

WASHINGTON, JAN. 30.—Deep regret was expressed everywhere in official circles here today over the death in Trenton today of United States Senator William Hughes, of New Jersey.

Hughes was an original Wilson man and served in the 55th, 59th, 61st, and 62nd congresses. He was a resident of Paterson, and served as a magistrate in that city. He also was a veteran of the Spanish-American war. He was born in 1872.

Hughes was a primary candidate for the senatorship and was successful being later elected by the legislature. His term of service would have ended next year.

On learning of the death of the senator Secretary of the President Joseph P. Tumulty, issued the following statement:

"We are all overwhelmed at the passing away of our noble friend, Senator Hughes. He and I were intimately associated both in a personal and political way for many years. He was a great soul. For years he has been suffering from the malady which finally ended in his death."

Rumored Sale Of Gallagher Stock Denied

The rumor that he has purchased L. P. Gallagher's stock in the Society Advertising Company was emphatically denied Wednesday by Robert Ryan, who has been connected with the company for some time. Mr. Ryan stated that Mr. Gallagher has not sold any of his stock to him or to any one else.

The report of the supposed sale was being circulated Wednesday morning, it being said that Mr. Gallagher sold his stock at considerable above par.

Russell and John Moffet are ill at their home on Water street, both suffering from grip. They have been ill for several days.

ELEVEN PLANES SHOT DOWN ON BRITISH FRONT

LONDON, JAN. 30.—Heavy aerial fighting along the British front in which eight German machines were shot down was reported in the official statement of the war office today.

Three British planes are missing. South of the Scarpe river (Arras front) the Germans tried to raid a British trench during the night, but were driven off.

CANADIANS AND BRITISH TO BE DRAFTED IN U.S.

WASHINGTON, JAN. 30.—Secretary of State Lansing reported to the senate this afternoon that agreements had been entered into with Great Britain and Canada for the drafting of their nationals who are in the United States.

COLLECTING BOOKS FOR THE DRAFTEES

The club women of the city and all book owners have been requested to look thru their libraries and select from them any good books which they feel they could contribute for the shower, which is to be given to enlarge the library at Camp Sherman, for the benefit of the soldiers stationed there.

SICK LIST

N. G. Thompkins, of North Fourth street, is seriously ill, and his daughter, Mrs. Grey Talmadge, of Akron, has been called here on account of her father's condition.

ACCEPTS POSITION

Charles S. Bolden, of South Tenth street, has accepted a position as night foreman, at the Beach Enameling company.

LADY OF VANDYKE SO WEAK FROM STOMACH TROUBLE SHE COULD HARDLY WALK SHE SAID

Terrible Attacks of Cramps Made Her
Fear She Would Die. Took Simple
Home Treatment, Hasn't Had
Cramp Since

TELLS HOW SHE DID IT

"I suffered from stomach trouble for a year. I tried many things that were recommended but nothing did me any good. Everything that I ate hurt me and I would take spells of cramps that seemed so bad I didn't think I could live thru them and I got so bad off I could not walk anywhere, not even across the room. Those terrible cramping spells were so bad I thought I would die and everyone that I could not live. I had tried doctors and got no relief and was at my wits end when Acid Iron Mineral was recommended to me as the very thing for stomach trouble and I commenced to take it and since then I have never had a spell of cramp. I now eat anything I want to eat and it doesn't hurt me. I have gained so much strength I can walk two or three miles without getting very tired and I can sleep a whole

lot better, while before I took Acid Iron Mineral my sleep didn't do me any good. It has done what nothing else that I had tried could do and I consider A-I-M a wonderful medicine and believe it will do everything it is recommended to do if taken according to directions," declared Mrs. Elizabeth, wife of Van Dyke, of Coshocton County, Va.

When your strength gives out and you feel like dragging around all day long instead of skipping around spry and lively like of old, try taking a few drops of this natural iron in a glass of water after meals, it is simply wonderful. People all over this state recommend Acid Iron Mineral. The beauty about it is that it is just the highly concentrated natural iron, cheaper, stronger, and much better for people in need of iron. A twelve ounce bottle usually sells for a dollar, and as a tonic, aid to digestion, kidneys, and bladder it can't be equalled. It is sold only in original bottles and the trade mark "A-I-M" on bottle and carton is the Ferrolin Chemical Corporation guarantee of strength and quality. Most druggists have it. Get a bottle today.

THREE AMERICAN AVIATORS KILLED ON ITALIAN SOIL

PARIS, JAN. 30.—Three American aviators have been killed while training on Italian soil, said a despatch from Foggia today. They were Lieut. Wm. Cheney, Lieut. Oliver Sherwood, and Cadet George Beach. The Americans were buried with military honors, Italian, French, British and American soldiers taking part.

LITERARY PROGRAM

A literary program will be given Friday evening, Feb. 8, at the Mt. Dispute school, to which the public is invited.

A Constitutional Remedy
That We Guarantee

Lagrange, N. C.—"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. Ren, Lagrange, N. C. We guarantee Vinol for chronic coughs, colds and bronchitis. Not a patent medicine. Formula on every bottle. — Your money back if it fails. Seigrist & Williams, Druggists, Coshocton, and at the best drug store in every town and city in the country.

INDIANAPOLIS MAN CHANGES PLEA TO GUILTY

INDIANAPOLIS, IND., JAN. 30.—A surprise was thrown into the Bell camp in federal court here Tuesday when Patrick Glenn, former assistant street commissioner, on trial with Joseph E. Bell, former mayor, and thirty-four others, for alleged corruption of the 1914 city election, changed his plea of not guilty to guilty. He will be a witness for the state.

The trial of the former mayor and other members of the so-called Bell-Perrott political machine, was opened this morning before Special Judge Ferdinand Geiger, of Milwaukee.

D. K. Tone, noted criminal lawyer of Chicago, entered his appearance for the defense.

Indictments in the present case grew out of evidence unearthed in the trial last June of Samuel V. Perrott, former chief of police, who is now serving a prison term for election fraud.

Interallied War Council

PARIS, JAN. 30.—Representatives of the entente countries were gathering here today for another session of the supreme interallied war council at Versailles. Premier Orlando, of Italy, who has just arrived from London after conferring with representatives of the British government said he is in complete accord with the peace principles laid down by Premier Lloyd George in his recent war aims speech.

BIRTH NOTE

A ten-pound baby boy was born to Mr. and Mrs. Warner Miller, of Roscoe, Tuesday.

HUN AIRMEN HAVE SLIGHT SUCCESS IN LONDON RAID

(International News Service)

LONDON, JAN. 30.—Two groups of German airplanes attempted to attack London last night and early today, but only one of the machines were able to break thru the defenses of the city. An official statement issued at noon by Viscount French, commander in chief of the home defenses, said one of the aeroplanes of the first group, was shot down in Essex and the three occupants burned to death.

Four machines of the first contingent of hostile aircraft reached the city and dropped bombs, but only one member of the second group was able to get this far.

Viscount French stated that the raids indicated that groups of the raiders, in parallel forces had crossed Kent and another had passed over Essex.

Two British scouts attacked the first contingent, over Essex at a height of 10,000 feet.

The German machine that was shot down there fell in flames.

RUSS SOCIALISM IS TELLING ON GERMAN TROOPS

WASHINGTON, JAN. 30.—German troops on the eastern front have become so influenced by the Russian revolutionary propaganda that they are being shifted to the western front, in violation of the terms of the Russian truce. This statement was made today by the general staff of the army.

The terms of the Russian truce provide that German troops were not to be withdrawn from the eastern front for use in the west during the peace negotiations. To accomplish the violation the German troops on the Russian front are being allowed to go home on furloughs. These soldiers are then transferred to recruiting stations and sent to serve on the western front.

"The troops are taken in this way, my men, for two reasons," the general staff statement says. "First, because it deceives the Russians and secondly, because the eastern troops have been so influenced by the Russian revolutionary propaganda that the German military chiefs have decided to separate the men and scatter them in unaffected western regiments."

MEAT PRICES IN INDIANA FIXED

INDIANAPOLIS, IND., JAN. 30.—The price of meat in Indiana, was fixed at the present market quotations this afternoon by Dr. H. E. Barnard, federal food administrator for Indiana. The order was transmitted immediately to all county food administrators with instructions to see that it is enforced absolutely. The order affects both retailers and wholesalers but does not set the price farmers may charge packers for live stock. Tendency of dealers to boost prices because of the acute shortage of live stock cars caused the move, it was said. Dr. Barnard pointed out that prices are high enough that dealers will not suffer.

Strikes Are Threatening In Germany

(International News Service)

AMSTERDAM, JAN. 30.—The strike menace again loomed high today in the general political and industrial unrest in Germany. Strikes are making headway in Berlin, according to information from the frontier and have spread to factories turning out war aeroplanes.

An increase in the unrest was also reported from Liechtenstein, Herichader, and Johannthal. A number of electrical workers have gone out.

Owing to the presence of heavy bodies of troops, the labor troubles in West Phalia and the Rhineland were said to be less serious.

FINNS PROTEST AGAINST THE BOLSHEVIKI

STOCKHOLM, JAN. 30.—The government of the new republic of Finland today lodged a protest with the powers against the interference in Finnish affairs by the Bolshevik government at Petrograd, said a dispatch from Hapaganda.

A number of European governments, some neutral and some belligerents, have already recognized the independence of Finland.

The Red Guard (Bolshevik) forces are now in possession of all Helsinki, the Finnish capital, the dispatch added. All of the members of the Finnish senate have been arrested.

Several Swedish citizens are reported to have been killed in the fighting between the Red Guard and the defenders of Helsinki and the Swedish government is watching the situation closely.

ITALIANS IN BIG OFFENSIVE

BERLIN, JAN. 30.—A powerful counter offensive has been launched by the Italians and "violent fighting" between the Asiago plateau and the Brenta valley was reported by the German war office today.

The Italians began their attacks after a heavy bombardment of the Austro-German positions.

(The section mentioned by the German war office is on the northern part of the Italian battle front)

ILLINOIS SCHOOL PUPILS TAGGING SHOVELS TODAY

SPRINGFIELD, ILL., JAN. 30.—Today is "Tag Your Shovel Day" in Illinois. The day was observed in every city, town and village of the State in compliance with a proclamation issued by Governor Frank O. Lowden.

The school children led in the activities of tagging the shovels. Bears, the inscription "Save That Shovel of Coal," the tags put a constant reminder before the users of the tool is the need for fuel conservation. Not a single shovel escaped. Factories and households alike were invaded by the youthful tarsers.

Private and public commendation was given the children tagging the largest number of shovels in many communities of the state.

INJURED IN FALL

R. L. Boss, of Canal Lewisville, is confined to his home on account of injuries received in a fall at his home a few days ago. Mr. Boss fell down the cellar stairs, and fractured three ribs.

Mr. Boss, who delivers meat to customers in this city, will not be able to work for several days.

THRIFT HABIT WILL BENEFIT B.&L. ASSOC'NS

One direct result of the War Savings Stamp movement will be the formation of habits of thrift among a large proportion of this country's population and the first branch of business to feel this will be the building and loan associations.

With this appeal to every building and loan association in the state, and with a personal appeal to the executive committee of the Ohio League of Building and Loan Associations by H. P. Wolfe, director of the Ohio War Savings Committee, financial institutions of this class have organized for the promotion of the War Savings Stamp and Thrift Stamp sales in this state. It is planned to make of each building and loan association a sales station for the distribution of the stamps.

Success of the War Savings Stamp movement will operate to increase business, and resources of financial institutions of the state, rather than to work toward a curtailment. Director Wolfe explains to the executive committee of the Ohio League. With subscriptions to Liberty bonds amounting to \$800,000,000 in the fourth federal reserve district—including Ohio, West Virginia, and parts of Kentucky and West Virginia—all but \$150,000,000 of which has been paid, bank resources in this territory have experienced a very fair increase. Director Wolfe explains. This refutes the statement that the War Savings Plan will hurt banking business, he says.

SALVATION ARMY WAR WORK PRAISE

Strength of the Salvation Army in the war relief work it is doing and proposed to do is exemplified by the endorsements received from national officials and leading war work organizations of the country in connection with the intensive campaign the "Army" will conduct week of February 1, when the nation will contribute \$1,000,000 and Ohio \$140,000 of this sum, to this cause.

Latest endorsement received at campaign headquarters, Lennox building, Cleveland, is from the Ohio Branch, Council of National Defense, at Columbus. In his statement J. L. Morrill, executive secretary of the council branch says:

"Relative to the campaign of your organization for \$1,000,000 Governor Cox, chairman of the Ohio Branch, and Fred C. Croxton, vice chairman, authorize me to convey to you the endorsement and approval of this organization for the campaign you are about to undertake."

The Ohio State War Work Council, appointed by Governor Cox to supervise and aid the campaign in this state, and comprising leading business and professional women, is complete, and they are now organizing their subcommittees in the forty districts, preparatory to the big drive in the first week of February.

RICH MUST BEAR THE CONSERVATION BURDEN IN FOOD SAYS HOOVER

WASHINGTON, JAN. 30.—The burden of food saving must be placed on the "Luxurious and Greedy," and not upon the poor. This must be the basis of absolutely necessary new conservation and food saving legislation, Herbert C. Hoover today announced this as his position in a letter written to Representative Anderson, of Minnesota, who had proposed new food legislation. The Anderson proposal of legislation, Mr. Hoover says, does not go far enough. The legislation that is to come thru the extension of the Lever act, Mr. Hoover said, must include:

Control of distribution in order that all classes and localities shall face alike and that unnecessary consumption shall be prevented.
Control of use of foodstuffs in food manufacturing with a view to limiting the less essential manufactures.
Control of commodities critically necessary for the production and preservation of foodstuffs in order to prevent great losses.
In addition Mr. Hoover endorses the following sections of the Anderson bill:
Compulsory wheatless or other "less days" weekly. Prohibiting use of foodstuffs in non-food products. Limitation food served in public eating places.
Declaring that 30 per cent of all food is wasted Mr. Hoover said that conservation measures, "must not draw savings from that class to which economy and moderate use is a daily necessity."
The shortage in sugar will not exceed 10 per cent next year. That should be made up, Mr. Hoover said, thru reduction of candy and sweet

drink manufacturers by at least 20 per cent. Sugar distribution also must be controlled, he said, to keep it from "greedy hands."

Use of ammonia also must be reduced. There is today an absolute shortage of 60,000,000 pounds of this product in sight. To meet this shortage Hoover urged that use of ammonia be prohibited for maintenance of skating rinks and alcoholic drinks, cold storage establishments, household ammonia and the like. Unless the ammonia shortage is met, he said, the danger to the military establishment will be great as the production of munitions must not be reduced.

Don't Blame The Child

Don't scold your children for lack of control over the kidney secretions. It is not always the children's fault—in many cases it means weak kidneys and can be readily righted. Read this Coshocton parents' advice.

J. Fortune, 616 S. Lawn Ave., says: "Some four years ago my son was troubled with kidney weakness. He complained of pains in the small of his back. He looked pale and puny, was thin and didn't grow the way a healthy child should. He didn't seem to have any control over his kidneys. I gave him medicine from the doctor, but it did not help him. At last I gave him Doan's Kidney Pills and two boxes entirely cured him. He improved in health and hasn't been troubled since."

THE APPAREL OFT PROCLAIMS THE MAN

Good dressing is not always a matter of wearing many or expensive clothes. It is more often attained by keeping our garments clean and fresh, neatly pressed and properly shaped.

Send each of your suits to us at frequent intervals and they will not only be kept clean, neat and properly pressed but will be made to wear longer and look better than would otherwise be possible.

So you see our service is not an expense but a real economy.

**MEAT PRICES
IN INDIANA FIXED**

INDIANAPOLIS, IND., JAN. 30.—The price of meat in Indiana, was fixed at the present market quotations this afternoon by Dr. H. E. Barnard, federal food administrator for Indiana. The order was transmitted immediately to all county food administrators with instructions to see that it is enforced absolutely. The order affects both retailers and wholesalers but does not set the price farmers may charge packers for live stock. Tendency of dealers to boost prices because of the acute shortage of live stock cars caused the move, it was said. Dr. Barnard pointed out that prices are high enough that dealers will not suffer.

**ITALIANS IN
BIG OFFENSIVE**

BERLIN, JAN. 30.—A powerful counter offensive has been launched by the Italians and "violent fighting" between the Asiago plateau and the Brenta valley was reported by the German war office today.

The Italians began their attacks after a heavy bombardment of the Austro-German positions.

(The section mentioned by the German war office is on the northern part of the Italian battle front)

**ILLINOIS SCHOOL PUPILS
TAGGING SHOVELS TODAY**

SPRINGFIELD, ILL., JAN. 30.—Today is "Tag Your Shovel Day" in Illinois. The day was observed in every city, town and village of the State in compliance with a proclamation issued by Governor Frank O. Lowden.

The school children led in the activities of tagging the shovels. Bears, the inscription "Save That Shovel of Coal," the tags put a constant reminder before the users of the tool is the need for fuel conservation. Not a single shovel escaped. Factories and households alike were invaded by the youthful tarsers.

Private and public commendation was given the children tagging the largest number of shovels in many communities of the state.

INJURED IN FALL

R. L. Boss, of Canal Lewisville, is confined to his home on account of injuries received in a fall at his home a few days ago. Mr. Boss fell down the cellar stairs, and fractured three ribs.

Mr. Boss, who delivers meat to customers in this city, will not be able to work for several days.

By mail, one year \$3.50
All mail subscriptions are payable in advance and paper stops on expiration. This is to comply with postoffice ruling and there will be no deviation therefrom.

LABOR ON TOP
We have got used to seeing labor treated with respect, especially since the war revealed the real importance and power of the working class. We have seen labor representatives given high governmental authority. We have even seen a labor movement overthrow a great monarchy, and temporarily at least, assume the supreme authority in Russia. But few persons would have that of paying labor the compliment that comes from Charles M. Schwab, president of the Bethlehem Steel Corporation.

The time is near at hand, he says, "when the men of the working class, the men without property, will control the destinies of the world."
Mr. Schwab, apparently, did not mean to say anything particularly pessimistic. He was simply announcing what about his remarkable utterance. He was simply announcing what might be expected in the way of economic and political evolution, and taking it for granted that whatever comes will work out all right for society as a whole.

He points to the rise of the Bolsheviks as symptomatic of this general movement. Yet he doesn't seem to think it's Bolsheviks who are going to run the world. He assumes that the world's new masters will be more rational and more considerate. He looks to the workers, he says, for a solution of the great economic questions now puzzling mankind.
"I am not out," he says, "to carelessly turn over my belongings for the uplift of the nation. But I am one who has come to a belief that the worker will rule; and the sooner we realize this, the better it will be for our country and the world at large."

REPLACING THE DUNCE'S STOOL

An article in a recent number of The Survey discusses the passing of the old-time dunce's stool. There was a time when the backward child was considered disobedient or perverse and his dullness was punished by public disgrace on the dunce's stool.
Now the backward or stupid child is recognized as the victim of some cause other than a wilful disposition against learning. He may be lagging behind his grade because of ill health, change of residence, insufficient nourishment, ignorance of the language and many, many other reasons. He may simply be slow in developing. He may be feeble-minded.
Whatever the cause of his inability to keep up with his class, it is recognized that punishment is not the thing he needs. Failing to pass the backward child year after year is not considered good either for the child or for the quicker minded children with whom he is placed.
Just what should be done with the backward or feeble-minded child has not been settled yet. But many educators and social workers have recognized the problem and are working at it. There is a growing tendency to look into the meaning and causes of the child's mental deficiency and to overcome the handicaps wherever possible. The child who has been retarded by health or environment is given a better chance to develop normally and to catch up once more with his more fortunate schoolmates. Those with an inherent defect of the brain are put in other classes where they are given such training as they can assimilate and use.
There is much to be learned and much to be done before the children can be helped fully in the ways they need, before they can be divided safely into classes for special instruction. There is a big field of research and careful study ahead of doctors and specially trained teachers and society in general before the problem can be solved. But in spite of the vast amount that remains to be done, there is cause for rejoicing in the fact that a start has been made to replace the dunce's stool with intelligent, sane and humane methods.

The average Republican congressman is in a terrible fix. He praises the attitude of the government his party constituents denounce him as a traitor to his party, while if he criticizes the government he is jumped on for being pro-German.

Headline in an exchange says: "No more \$50 Dinners in America." What bothers the average American most is the fact that neither can he longer get enough to eat in a 50-cent dinner.

If the allies continue to run down the Kaiser's tentative peace feelers he will come to feel it his duty to correct God for his mistake.

"Hard Luck Men" : : : **BY WALT MASON**

We've played a hard luck all our days," explain so many helpless jays. "The Fat's been coming at our birth, the Fat's don't care for sterling worth, they take a grudge against a man, and make of him an also ran, no odds how earnestly he tries to harvest wealth or other prize." And it is true that now and then fate hands out prizes to worthy men and gents of talents great and rare have wasted them on desert air. And it is true that many is bad, produce a better one, my lad. But it is true that many skates who charge their failure to the fates might better charge it to the truth that they have fooled around since youth. They've fooled around the corner store and threshed old chestnuts over and over; they've fooled around with cheap harangues, when wiser men went forth in gangs to sluck their crops of early peas and pluck persimmons from the trees. They've fooled around on summer days discussing congress and its ways, when sauer men, on active legs, snooped round the barn and found the eggs. It's fooling round, it isn't fate, that puts the lid on tight and straight.

in getting Prussia into this awful war.
The wildest dream of wealth this winter is not only to be able to serve a dinner to guests thoroly cooked, but to have enough coal to warm the house, say to 62 degrees.
Some may not think it, but there is generally more ignorance concealed behind expensive clothes than there is back of the overalls of the miner and farmer.
The Wise Guy says: modesty and fashion are forever at swords points when it comes to feminine attire.

TEN YEARS AGO TODAY **The Jollier**

The Dickerson murder case goes to the jury next Tuesday.
J. A. Rippeh, of Newcometown brother of A. S. Rippeh, of this city, is struck by lightning and instantly killed.
Daniel Campbell, aged 57, dies at the home of his daughter, Mrs. Aquila Lowery near Prairie Chapel today.
George Elmer Leach, 53, and Margaret J. Ruby, both of Coshocton received a license to marry here today.
Miss Bernice Smith, aged 16, died at her home on Chestnut street following an illness of one year from tuberculosis.
Coshocton polo team wins from the fast Ashland team at Ashland today.
Miss Pearl Divan and Mr. Ernest J. Adams, both of this city were united in marriage at the Church of Christ here today.
Attorney Jerome asks the jury in the Thaw murder trial to give a first degree murder verdict.
One thing that may be said of Gaffield, thus far he hasn't attempted to put on the Joshua act.
If the draft board doesn't classify you in class four and your enemies and rivals in class 1-A, it's crooked.
An easy way to get rid of Baker would be for everybody to proclaim him a greater man than McAdoo.

New York Day-By-Day
By O. O. McIntyre

His eyes were a queer. Opaque blue, Between swollen lids. His face was hideously. Seamed and blotched. His nose swollen. Bulbous and peckmarked. And of dark, angry hue. His sparse hair. Like bleached fibre. Straggled over a dead scalp. White bristle misted. The sagging outlines. Of an expressionless face. She was a white, sneering. Ghost of a woman. Her face the color of snow. In a factory town. Her mouth—a vivid red line. Had lost its curves. She had frizzled wisps. Of yellow hair. As lifeless as excelsior. And they sat side by side. In a Temple of Justice. Caring not what the judge decreed. They existed—that was all. Yet not so long ago. As we measure time.

They tugged at breasts. Of adoring mothers. Who held high hopes. And painted fantastic pictures. Of a roseate future. And now every hand. Seemed turned against them. They were victims of a city. Cold, crushing and pitiless. Victims of an environment. Over which they had no control. And I wondered. If after all. We must learn. That the human animal caged. Becomes the beast again. And that steel bars. Only press human beings. Deeper into the abyss. Outside the great sun. Hung in mid-heaven. Like a disc of burnished brass. The tangy air. Swept up from the harbor. Outside it was good to be alive. And then the jailor. A grizzily gorgon. Came and led them. Back to their dank, foul cells.

SOCIALIST CONGRESSMAN SEES EARLY END OF WAR THRU SOCIALIST ACTIVITIES

WASHINGTON, JAN. 29.—The latest war program for next fall's congressional elections. The war is in sight is Representative Myer London, of New York, the lone Socialist member of the house. London, who has closely studied conditions from the Socialist standpoint, made this plan today. He declared that the Socialist party will not need

A DEPENDABLE KIDNEY REMEDY

For twenty years I have been handling and selling Dr. Kilmer's Swamp-Root, and my customers are always satisfied with the results and speak favorably regarding this remedy. I believe it is a good medicine, and I like to sell it because Swamp-Root gives results and no "kicks." Very truly yours, P. A. WHITMAN, Druggist Aug. 1, 1916, Biggsville, Illinois.
Letter to Dr. Kilmer & Co., Binghamton, N. Y.
Prove What Swamp-Root Will Do For You
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention The Coshocton Tribune. Medium and large size bottles for sale at all drug stores.
World's Largest Bridge.
The longest wagon bridge in the world 10,392 feet in length, crosses an arm of Lake Fond d'Oreille at Standpoint, Idaho. It required 1,864,109 feet of lumber, which included 2,748 cedar, fir and tamarack piling, the combined weight of which was approximately 7,478,000 pounds.
City subscribers should insist on a receipt from the carrier.

EAT What You Like
Use Stuart's Dyspepsia Tablets to Help Your Stomach and Do Not Worry.

"Believe Me, I Enjoy My Meals to the Limit. No Fear of Consequences Either, While I Have Stuart's Dyspepsia Tablets to Fall Back Upon."
Dyspepsia, indigestion, weak stomach and similar names simply mean that the supply of digestive juices is inadequate. That is where Stuart's Dyspepsia Tablets come in—by supplying this deficiency.
If you will eat a Stuart's Dyspepsia Tablet after each meal and one just before you go to bed, you will learn that there is no harm in your meals.
The reason is clearly plain. Your system lacks the proper digestive juices to make your meals easily digested. Stuart's Dyspepsia Tablets give the stomach and other organs of the digestive apparatus the wherewithal to digest food.
Get a five box from any drug store and try them.

SOLDIER AND SAILOR INSURANCE

In a short time a million checks a month will be issued from the Bureau of War-Risk Insurance to the families of the men constituting America's fighting forces.
There had been up to January 18, 1918, 473,116 applications for total insurance of \$4,011,391,000. The average amount applied for still keeps near the maximum of \$10,000. A steady effort is being made to make our fighting forces "100 per cent insured," and there are many military units in which every member is insured and in some of them every man insured for the maximum of \$10,000.
The automatic insurance granted by the law ceases on February 12, but by that time it is hoped that our whole military and naval forces will be "100 per cent insured," with the result that the family or dependents of everyone having a family or anyone dependent on him will be provided with a monthly allowance, and insurance in case of his death, and the member himself, if disabled, will receive a monthly allowance, and if totally disabled, will receive in addition rehabilitation and special education and training to fit him for some work.
The efforts of the Treasury Department to have every member of the military and naval forces insured under this law can be greatly assisted by the people at home of the soldiers and sailors if they will join in urging them to take out the insurance offered.
IRONTON—The first death due to the breaking up of the ice gorge here was that of Lloyd Southerland, 13, who fell into the Ohio river when he attempted to jump from a large to a cake of ice and was drowned.
TOLEDO—Sixty alleged violations of the fuelless Monday closing order are to be prosecuted.

GAS, HEARTBURN, INDIGESTION OR A SICK STOMACH

"Pape's Diapepsin" relieves stomach distress in five minutes.
Time it! Pape's Diapepsin will sweeten a sour, cassy or out-of-order stomach within five minutes.
If your meals don't fit comfortably or what you eat lies like a lump of lead in your stomach, or if you have heartburn that is usually a sign of acidity of the stomach.
Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of indigested food mixed with acid, no stomach gas or heartburn, no flatness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, he pleases, there will be no sour food left over in the stomach to poison your breath with nauseous odors.
Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion. Relief in five minutes is waiting for you at any drug store.
These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home.

OLSON A GREAT MAT GENERAL

Thor Olson, Athens middleweight who comes to this city February 6 to wrestle with William Ninnich, 6' 1" middleweight was at one time the champion middleweight wrestler of the world. He defeated Joe Turner, who held the title and took from him, the Richmond cup and the Lord Lonsdale belt both trophies donated by sportsmen.
Olson is touted as one of the greatest middleweights in the game today and it is expected that a fierce match will be staged when he meets Ninnich at the Pastime theatre, Wednesday, February 6.
Olson wrestled Paul Bowser to a two-hour draw without either man getting a fall the only time the two men ever met. Olson also defeated Sam Anderson at the time that he was middleweight champion.
Despite Olson's formidable record, Ninnich states that he has no fears for the outcome of the match. Olson is by far the best man who has yet appeared on the local mat and it is expected that the theatre will be packed on the night the two men meet.
The wrestling sport is gaining favor every day in this city and more and more of the city's residents are attending each match. The ladies are showing that they are as loyal fans as the men and are turning out for the matches in larger numbers each time. Ladies with escorts will be admitted free to the Ninnich-Olson match and will be shown every courtesy by the management. Reserved seats will be placed on sale at the McManus cafe and the Metzler & Robertson drug store.

MILLIONS LOST IN RIVER CRAFT ON THE OHIO

CAIRO, ILL., JAN. 30.—Steamboats and barges valued at millions of dollars are either lost or imperilled along the Ohio river today by ice floes that have blocked the river from Cairo to Cincinnati. Scores of vessels are in the path of the huge ice gorge which began moving down the river early today.
Many of the largest boats on the river already have been destroyed or are caught in the floes and in peril of destruction. Barges loaded with coal and with government supplies have been swept away by the flood.
The river here is still rising rapidly and is near the 36-foot mark.
Mountain roads thruout the flooded district have been washed out and it is estimated fifty towns are inundated. The Ohio, Monongahela, Guyon and other rivers are swelled to flood proportions. Vast areas in southern Illinois, Kentucky, West Virginia and Tennessee are in the flood district.
Damage at Paducah, where 11 steamboats were swept from their

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Every mother realizes, after giving her children, "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and thoroly cleanses the tender little stomach, liver and bowels without grip.
When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a tea-spoonful of this harmless "fruit laxative," and in a few hours all the sour, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic—remember, a good "inside cleanser" should always be the first treatment given.
Millions of mothers keep "California Syrup of Figs" handy, they know a tea-spoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-up, printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

moorings and at least five of them totally destroyed, is estimated at more than \$1,000,000.
Dynamite is being hurried to several points along the Kentucky border where the Ohio river is frozen to the bottom. At the first sign of the breaking up of the ice blasting will be resorted to to prevent further gorging.
Reports of melting snow along the upper part of the river indicate that the flood is some distance from its height and the most serious situation in years is feared.

SICK LIST

Mrs. George Moffit, of North Water street, is confined to her home with an attack of grip.
The condition of Mrs. Jane Clark, 64 North Water street, who has been ill for some time, was somewhat worse Tuesday.
COLUMBUS—"When my son has charge of the business I don't want it to be said his old daddy took pay for government advertising," Governor Cox, publisher, told the Associated Ohio Dailies.

IF YOU HAD A NECK AS LONG AS THIS FELLOW, AND HAD SORE THROAT ALL THE WAY DOWN TONSILINE WOULD QUICKLY RELIEVE IT.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.
When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in untopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.
Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?
Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store today, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

Sheriff's Public Sale

At McDermott Home

Mr. and Mrs. Joseph Loftus, of Natick, Mass., who were married last Saturday, arrived in Coshocton Tuesday for a visit at the home of Mr. and Mrs. T. J. McDermott on South Fourth street.

Returns Home

Mrs. E. L. Bauman has returned to her home in Natick, after spending two weeks visiting friends and relatives in Marion.

Return Home

Misses Fern Glazie and Rosetta Seward have returned to their homes on South Ninth street, after attending the marriage of Miss Estella Glazie and Leo Weimer, of Beach City. The wedding took place at Canton on Tuesday, Jan. 22. Mrs. V. Glazie was formerly of Blissfield and is the daughter of Benjamin Glazie. The bride and groom will make their home with the groom's father, at his home in Beach City.

Y. W. C. O. TONIGHT

Surprise Party

A surprise party was given last evening honoring Arlie Gross, of Company A, 156th M. G. Battalion, stationed at Montgomery, Ala., who is home on a short furlough. Those who enjoyed the affair were: Mrs. Mary Gross, Mr. and Mrs. Paul Gross and family, Mr. and Mrs. John Gross and family, Mrs. John Gross, Mr. and Mrs. Harold Huffman and family, Mr. and Mrs. Ernest Starker and family, Mr. and Mrs. George Smalley, Mr. and Mrs. Ernest Severe, Mrs. John Huffman, Mrs. Clara Moody, Misses Lulu and Beulah Moody, Polly Gross and Ruth Gross, Walter Gross, Peter Gross, Edmund Gross, Fred Gross, Adam Mohler, Russell Baumgardner, Ross Maple, Albert Burt, Sidney Holskey, Peter Holskey, Burt Parks, Frank Nichols and Wilson Latham.

Y. W. C. O. TONIGHT

Junior Woman's Club Meet.

At the meeting of the Junior Woman's club held Monday evening at the library, Mrs. Russell Hanlon gave a paper on "Alaska," and conversation was given as follows: Our Island Possessions—Virgin Islands, Miss Mattie Hack; Hawaii, Mrs. Glenn Smith; Phil-

ippines, Mrs. Delva Metzler; Porto Rico and Guam, Mrs. W. R. Davis. A business meeting will be held next Monday evening.

Otterbein Sisters Will Meet.

The Otterbein sisters, of the United Brethren church will hold a short business meeting following the prayer service Wednesday evening. At this meeting plans will be completed for a bake sale.

From Zanesville.

Miss Rachel Burrier, of Zanesville, is visiting at the home of Mr. and Mrs. E. G. Burrier, on North Third street.

W. C. T. U. At New Guilford.

The New Guilford W. C. T. U. will meet at the home of Mrs. L. C. Williams, Saturday afternoon. Mrs. Charles Pignum will lead the meeting.

Missionary Meeting.

The Missionary society of the Tyndall and Warner M. E. Church met this afternoon, at the home of Mrs. Ward Davis. Mrs. Emma Shroyck led the meeting.

Y. W. C. O. Bible Study.

The Y. W. C. O. Bible study class, under the leadership of Mrs. Theodore Agnew, will resume meetings, beginning Thursday evening, January 31, at seven o'clock at the library.

The study continues for one hour only and all members of the Y. W. C. O. are eligible to membership in the class.

Sewing Party

Mrs. Robert Dummermuth entertained at her home on South Fourth street Tuesday evening with a sewing party for a few of her friends. A delightful and instructive evening was spent by the following guests: Mrs. Robert Reed, Mrs. William Wendt, Mrs. William Zugschwert, Mrs. E. C. Rinner and Mrs. George Seigrist.

Will Entertain Club Women

Mrs. Eliza DeHart will entertain with a luncheon at her home on South Fourth street, Monday afternoon, and with a reception in the evening. The afternoon hours are from 3 to 5 o'clock and the evening hours from 8 to 10 o'clock. The afternoon guests will be the members of the Historical Club and the Roscoe Women's Club and guests at the reception will be members of the Chautauqua Circle and the New Century Club. The hostess will be assisted by Mrs. John Gleason, Mrs. C. H. Howell, Mrs. Robert Dennis, Miss Tillie Laurie, Mrs. Fred Dokkenwadel, Mrs. Clyde Barnes and Mrs. William Wendt.

State President Coming

Mrs. Prefrence Root, of Toledo, president of the Ohio State Federation of Women's Clubs, will arrive in the near future to be the guest of Mrs. Eliza DeHart, at her home on South Fourth street. At that time luncheon will be enjoyed by the City Federation of Women's Clubs, at the Park Hotel.

From Columbus

Miss Catherine DeHart, who is attending the Columbus School for Girls, will arrive Thursday to spend the re-

mainder of the week with her parents, Mr. and Mrs. Eliza DeHart at their home on South Fourth street.

Will Attend Wedding.

Miss Margaret Harvey, of Locust street, and Charles Weaver, of South Eleventh street, will go to Dennison this evening to act as attendants at the marriage of Miss Mayme McKown and John Lanahan. The wedding will take place Thursday morning at the Catholic church in Dennison.

Miss McKown has visited Miss Harvey a number of times, and has many friends here.

From Ohio State.

William McManus, a student at Ohio State University, is spending several days at his home on East Main street.

Y. W. C. O. Program

Members of the Young Women's Christian Organization were given an unusually interesting program Tuesday evening at the meeting in the Central school auditorium.

A variety of entertaining numbers had been provided for the occasion under the efficient management of Mrs. Russell Raymer and Miss Eloise Martner.

Musical numbers were contributed by Misses Gretchen Dawson, Ruth Bolen, Kathryn Snyder, Esther Carpenter, Helen Adams and Doris Deneer. Miss Dawson, Miss Snyder and Miss Carpenter, as Boy Scouts in patriotic numbers, were repeatedly cheered by the audience.

Miss Helen Kuklick, Mrs. Bolen and Miss Martner, each in a monologue, won a generous share of applause. Miss Mary Louise Riner's solo with ukulele accompaniment, and Miss Madeline Schaeffer's splendid rendition of two whistling solos, completed the program.

The president, Miss Minnie Ahnack, announced the program for the February and March meetings of the Y. W. C. O. The next meeting will be held Tuesday evening, Feb. 12.

Sleight Party

The following young people of this city enjoyed a sleight party to West Lafayette Tuesday evening: Misses Arline Wangen, Ferol Craig, Mary Smith, Bertha Rodman and Hazel Bonnet; Russell Smith, Stanley Dawson, Warner Hamilton, Elden Wangen and Walter Dieber.

Missionary Meeting

There will be a meeting of the Woman's Home and Foreign Missionary Society of the Presbyterian Church, at the home of Mrs. A. N. Compton on Main street, Friday afternoon at 2:00 o'clock. Mrs. William Wendt will lead the meeting.

WILSON'S COAL SHOVEL TAGGED

WASHINGTON, JAN. 30.—President Wilson's coal shovel was tagged with the "Save Coal" sign today, just as shovels were tagged in millions of other homes. The president's shovel was tagged by two school children, William Furey, a boy scout leader, who made a record selling Liberty bonds, and Helen Tewe, a girl scout patrol leader who won prizes for canning vegetables from a war garden. Fifty local school children acted as guard of honor during the tagging ceremonies. Several members of the president's household were present.

Similar tagging ceremonies took place in virtually all cities and school districts of the United States.

FOUR HUNDRED MILLION ISSUE OVERSUBSCRIBED

WASHINGTON, JAN. 30.—The \$400,000,000 issue of treasury certificates of indebtedness announced January 22 and which was closed last night, was heavily oversubscribed. Secretary McAdoo announced this afternoon. As soon as all subscriptions are in, the treasury department will make proportionate allotments in order to keep the issue within the limit set.

FOR ITCHING TORTURE

Use Penetrating, Antiseptic Zemo. There is one remedy that cures fast, to stop itching torture and relieve skin irritation and that makes the skin clear, clean and healthy. Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads, in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender sensitive skin.

The E. W. Ross Co., Cleveland, O.

HENEY BARES SQUEEZE TACTICS OF BIG FIVE IN PACKING INDUSTRY

(International News Service)

WASHINGTON, JAN. 30.—Methods employed by members of the "Big Five" packing industry to stifle competition by underselling independent competitors were bared further today, when the federal trade commission resumed its investigation of the beef inquiry. Special Counsel F. J. Heney introduced a batch of original invoices from C. W. R. Thelen, general manager of the Reiland Packing Company, an independent firm which did business mainly in Wisconsin, now in the hands of a creditor's committee.

These invoices showed that in 1915 and 1917 the Swift Company entered the Wisconsin field and sold, at prices ranging from 11 to 12 1/2 cents dress-

ed beef which cost the Reiland Company 13 1/2 cents per pound. Later the Armour Company came into Wisconsin and sold dressed beef for from 11 to 12 cents a pound, the same quality of meat costing the Reiland Company from 14 1/2 to 15c.

Mr. Heney told members of the committee that the big packers were willing to sell at a loss for ten years, if necessary to drive an independent firm out of business and that they were enabled to do it because of the immense profits they made in other fields.

He added that the federal trade commission and department of justice had power to stop such underselling and always stands ready to hear complaints.

SUFFRAGE DRIVE IN SENATE TO BE POSTPONED

By DAVID M. CHURCH. (International News Service)

WASHINGTON, JAN. 30.—The suffrage drive in the United States senate will not come until early summer. Senator Andrus A. Jones, of New Mexico, chairman of the senate committee on woman suffrage, has decided upon this course for two reasons. In the first place, he declared today there is a strong sentiment among senators that the time of the upper body of congress should be devoted to war legislation until it is cleared up. The second reason is that Senator Jones is confident that the federal amendment for suffrage would be voted down in the senate at the present time.

He declared that statements that a suffrage vote would be taken in the senate by February 15 were "unfounded."

According to the estimate of the senator there are now eight members of the senate who would block the passage of the federal amendment. It is necessary for a two thirds vote to pass the measure. This would mean sixty-four votes and at present Senator Jones is sure of but fifty six. Some of the doubtful eight may be brought into line, but there is not sufficient ground for believing the entire eight could be brought over to force the issue now. Senator Jones believes that "events which may happen" between the present and late spring, may bring eight into line.

When the suffrage measure finally comes before the senate a stiff fight is expected. Senator Jones believes that the measure will be fought with great opposition from both the Democratic and Republican sides of the chamber and does not expect that it can be passed in any short time.

OHIO REPUBLICANS PLAN REVIVAL OF OLD CONVENTION

The Republicans over the state of Ohio will hold conventions and nominate their men for office the same as they did in years previous to the enactment of the primary law, if plan formulated for this purpose at the banquet of the Republican Glee Club held at Columbus Monday night are carried out. C. R. Bell, local attorney and a Republican made this announcement after returning from the banquet at Columbus, Tuesday.

The movement had its origin in the Franklin county delegation to the banquet and it is the plan to make it statewide before the election this fall.

Altho the conventions would have no value legally, as under the primary law candidates' names are submitted to the people at the primary election, the plan is to nominate the man wanted by the organization and then push his candidacy in every way possible up to the time for the primary election.

If this plan is carried out it will mean a revival of the old style of politics with stump speeches and all the attending ways of gaining publicity for a candidate, that were in vogue before the primary law was enacted.

Altho politics were discussed by the Republicans assembled at the banquet the prevalent opinion that the time was not ripe for the announcement of any man's candidacy prevented the men attending the banquet from discussing the political situation as they have in previous years.

SHIPPING WILL BE DIVERTED TO GULF AND SOUTH PORTS

WASHINGTON, JAN. 30.—Definite decision was reached this afternoon at a conference of department heads and shipping men to break up congestion at New York and other north Atlantic ports by diverting a large amount of tonnage to south Atlantic and gulf ports. The new arrangement will apply to export as well as import business. The plan is sanctioned by allied representatives.

MILITARY ROADS FOR OHIO PLANS OF SOCIETY HEADS

COLUMBUS, O., JAN. 30.—A suggestion that military highways be constructed by the federal government was recommended today to the Ohio Engineering society by its president, A. R. Taylor.

"We should have railroad facilities and a system of public highways so laid out that we may be able to concentrate rapidly our troops and supplies so as to oppose an invasion at any given point," Taylor told the convention. "The public highway is of as much importance as the railroad for troops can be handled more expeditiously within a limited radius by motor trucks than by rail."

You Save 15c to 20c on Every Pound of

Purity

NUT MARGARINE

Every time you buy a pound of "Purity" Nut Margarine you are virtually depositing 15 to 20 cents in the bank. For you save at least that much of what you ordinarily pay for butter, and you get a wholesome, energy-yielding food that is so nearly like butter in smell and taste and texture that it takes an expert to tell the difference.

Be fair to yourself and to your pocketbook and include at least one pound of "Purity" Nut Margarine in your next grocery order.

"Purity" Nut Margarine is made of rich, flavorful, some, highly nutritious coconut and peanut oils, churned with pure, pasteurized, sweet milk—all delicately salted. If your dealer cannot supply you, write to us direct.

The New Zanesville Provision Co., Walnut and Pearl Sts., Zanesville, O.

ITALIANS GAIN IN OFFENSIVE ON THE NORTH

(International News Service)
ROME, JAN. 30.—Italy's strong counter offensive between the Breno valley and the Asiago plateaus was undertaken in order to close to the Austrian-German invaders one of the chief gateways leading into the Venetian plain from the north. The Tenth line was broken at several points, despite powerful resistance and advances from headquarters today said that the number of Austro-German prisoners had been increased to about 2,000.

Savage fighting developed around Col. Del Rosso and along the Frenzela valley, where the German and Austro-Hungarian troops tried vainly to recapture their lost ground. The fighting took place in bitter cold weather, and along Alpine slopes deep with snow. The atmosphere was clear, however, which allowed General Diaz to conduct a powerful air offensive while his soldiers were driving forward in the mountains. A dozen Austro-German machines were shot down.

SOOTH ASSURED BY SETTLEMENT

(International News Service)
WASHINGTON, JAN. 30.—Final settlement of the differences between oil operators and union employees in Louisiana and Texas was announced this afternoon by Secretary of Labor Wilson and the president's mediation committee. The agreement, reached after conferences covering a period of two weeks, assured an uninterrupted maximum output for the period of the war—three million barrels a month.

ARAB FIREMEN ON BRITISH SHIP TINY
AN ATLANTIC PORT, JAN. 30.—Wireless calls for help were received from a British steamer today stating that there was a serious mutiny aboard the Arab firemen. The name of the steamer was withheld. She was en route to New York.

SECOND RAID ON LONDON 24 HOURS FAILS

LONDON, JAN. 30.—The second German air raid against England within twenty-four hours began late last night and early today the aerial invaders were still trying to fight their way thru the London defenses to reach the city.

Following the double aerial drive against London on Monday night, the second attack did not surprise the city and the guards along the coast had redoubled their vigilance also.

The hostile machines were sighted over Essex and Kent shortly before 10 o'clock, it was officially announced by the commander of the home defenses.

This indicated that the Germans were again using their new formation of sending their bombing planes out in groups in hope of misleading the defenders.

The batteries of high angle gun along the southeastern coast began to bark and a big fleet of British airmen immediately went aloft to attack and drive back the Germans.

About 10:30 it was reported that some of the German machines had reached the London suburbs and had "rapped bombs."

When the alarm was sounded here the people quietly took to underground shelters and there was no excitement. No amount of German air frightfulness could shake the calm courage of the Londoners.

INGREDIENTS OF VICTORY BREAD MUST BE RIGHT

WASHINGTON, JAN. 30.—American bakers will not be permitted to advertise their product as victory bread until they use the full 20 per cent of cereals to 80 per cent of wheat flour, Food Administrator Hoover announced today. Mr. Hoover explained that beginning February 1, it would be compulsory for bakers to enhance the substitution of at least five per cent cereals and that the substitute must be increased gradually until the 20 per cent is reached on February 24. Altogether 100 is among the list of substitutes. It will be placed on the same basis as wheat after March 2, as large shipments of rye flour are now coming to the allies.

Mr. Hoover declared today he had purposely avoided stipulating the exact ingredients to be included in the 20 per cent ratio, leaving the selection to be made by bakers and others from the lengthy list of cereals recommended which includes corn flour, corn meal, barley, flour, oatmeal, rolled oats, rice and rice flour, potatoes flour, and other similar flours and meals. The food administration is hopeful that whenever possible cereals locally produced may be used in order to reduce transportation. It is pointed out that the varied list of substitutes makes it possible to obtain a sufficient supply of one or the other of them in a certain locality at reasonable prices.

LEXINGTON, KY, JAN. 30.—Flood conditions in Kentucky are steadily growing worse, according to reports from various sections of the state. Hundreds of head of live stock have drowned and more towns have been inundated by the rising waters.

Telegrams today from Irvine said that a hundred thousand railway ties and 40,000 logs valued at \$100,000 had broken loose in the upper Kentucky river.

Administration Plans Honors For Members Of County W.S.S. Club

The birth of the "Alpha War Thrift Club" some months ago, composed of employers and office force in the Courthouse building, gave the town a delightful notoriety thruout the state. Although the club idea had been urged for some time, it was not until the first of January, 1918, that the club was organized. The club has been given an earlier opportunity to get under way, the local organization was the very first to form.

The state has been watching Coshocton but now with the organization of the "Thousand Dollar War Thrift Club" there has been turned upon us the white spotlight of national interest. This is an entirely new idea in the great campaign in War Savings. The secretary of the Treasury, himself, the head of this big movement to help win the war, has expressed his hearty approval of the movement, and his hope that the fire will spread in all directions.

To properly grasp the genius of the idea, it should be remembered that \$1,000 in stamps is the largest amount that may be held by a single individual. We have a large quota assessed against us for the county—\$611,000 which means that every man, woman and child who lives within its bounds must average a saving of \$20 in War Savings Stamps. With 200 members in the club for this is the goal—each purchasing \$1000 worth of stamps—\$200,000 or nearly one-third of the entire quota will be raised right there, making it possible for those with slender means, boys and girls, even small children, to have a real part in the campaign and yet enable the county to make its quota. The impetus of being able to begin February with this great amount already lifted, ought to be enormous.

At the meeting last Saturday the club elected Prof. L. J. Shaw of Warsaw, president; and R. H. Mills of the People's Bank, treasurer. Each township was given a quota of 10 members. The first day Keene township went out and secured 30 members. Warsaw and Oxford have likewise been exceedingly active, and the others are rapidly falling into line. Men have been coming in daily to the County Committee's room for material and then going back home to jump into hard work getting new members. Tuscarawas twp. has been given a somewhat larger quota, but it promises perfect performance when the campaign closes.

Next Monday is "National Thrift Day," and the hope is that by noon on that day the full two hundred members of the club will be on hand. Before the first of February the first of the Thousand Dollar Club in the United States, special privileges will be granted to it, including a special certificate which will be held by the highest powers in the nation. This will not be the privilege of any other Thousand Dollar Club but the one in Coshocton County.

A wire from the State Director of War Savings to the county chairman is well worth quoting, especially the two final sentences. It follows: "Columbus, O., Jan. 25, 1918. Geo. Gray, Chairman Coshocton, O. Strongly urge your securing pledges of all possible patriotic purchasers of Thousand Dollar War Savings Stamps. These four percent demand obligations of this nation bear investment in the world for any one with from twenty-five cents to one thousand dollars to invest. You may sell one thousand dollars worth to every separate member of a family. Are forming state wide organization. Special certificate to be given to every subscriber. Have not authorized this in any other county as yet, but you are so splendid in this work we cannot refuse you."

MONONGAHELIA ICE FLOE DOES GREAT DAMAGE

(International News Service)

PITTSBURGH, PA., JAN. 30.—Damage of a half million dollars has been done and property worth millions is menaced by an immense ice floe that is on its way down the Monongahela river. Report early today were that the floe had been stopped by a gorge at Brownsville, fifty miles up the river, and that feverish efforts were being made to dynamite the ice.

More than a score of barges, most of them loaded with coal are caught and hopes of saving them have been given up. Many small craft in the path of the ice have been destroyed.

Ten feet of water covers the Baltimore and Ohio railroad tracks at Brownsville. Thousands of acres above the town are inundated and several of the streets are under water. At Moreantown, W. Va., a gorge extends for five miles, backing up the water into the town. Railroad traffic is demoralized.

Shipping in the harbor here is at the mercy of the floe. With the Allegheny river frozen tight boats have no place to go to escape the danger.

GERMAN STUDY BANISHED AT INDIANAPOLIS

INDIANAPOLIS, IND., JAN. 30.—German language study was banished from the Indianapolis grade schools today following action at a meeting of the school board. Only one member dissented. He was Theo. Steinfeld, who declared abolishment of the study of German language would be in violation of a state law. Others declared the courts would hold such a law unconstitutional and proceeded tooust the course.

DEFLATION—Let there be price control but equalization also, says the Defiance Farmers Institute, citing the fact they get 14 cents a pound for hides and pay \$1 a pound for leather and \$6 to \$10 for shoes.

PAN-GERMANS ARE COVETING ALL BELGIUM

(International News Service)
THE HAGUE, JAN. 30.—German occupation of the Belgian coast and military and economic domination of the whole of Belgium is the demand of the pan-Germans, it was revealed today. The Nieuwe Rotterdamse courant publishes what purports to be an interview with Admiral Von Tirpitz, founder of the fatherland party in Germany, in which these "terms" are contained. Von Tirpitz, who is chief spokesman for the pan-Germans also ridicules the idea of a league of nations to enforce peace after the war.

TRY MILK POISONER
CLEVELAND, O., JAN. 30.—Mrs. Elsie Bass, on trial here charged with murder, was to take the stand today and testify in her own behalf. Mrs. Bass is accused of putting rat poison in milk left on her doorstep, causing the death of a boy who drank the milk.

COLUMBUS—The state by diverting \$1,000,000 to state banks for loan on farm tractors will make it possible for 1500 more tractors to be operated on Ohio farms this year. A tractor school for both men and women, will open here February 11.

UNITED WAR AIMS MAY BE FORTH COMING

(International News Service)
PARIS, JAN. 30.—The advisability of making a collective declaration of the entente war aims is one of the subjects for discussion at the supreme inter-allied war council, which convened at Versailles yesterday, according to a report current today.

At the same time was pointed out that, while England, France, and Italy are represented by their premiers, the United States has only military representation. Arthur H. Frazier, secretary to the American embassy in Paris, is present, but only to report the debates and not to participate.

Amethyst's Colors.
A man recently brought back to a jewelry store three rings set with amethysts which had faded to a pale yellow within a few months after he had bought them. He then discovered that instead of amethysts the gems were opazes. The latter vary in color from pale yellow to deep violet and purple. Under high temperatures amethysts change color, becoming first yellow, then green, and finally entirely colorless. Under ordinary temperatures, however, genuine amethysts do not change color.

COSHOCTON, OHIO

Take Off Your Coat! Roll Up Your Sleeves!! Let's End This War!!!

It's as much *YOUR* job as that of any soldier who goes to France, or any sailor or marine who braves the dangers of the seas now for his country's cause. It's as much the job of COSHOCTON COUNTY as it is the job of the whole United States.

When the 1,000,000,000 people in the U. S. GET BEHIND the government by loaning it their savings, German autocracy WILL KNOW that we mean just what we say—that the world is going to be made safe for democracy and all the institutions of enlightened and humane systems of living.

IF COSHOCTON COUNTY FAILS—THE EFFORTS OF THE COUNTRY ARE WEAKENED. IT'S UP TO YOU—WHAT IS YOUR ANSWER?

Your loan to Uncle Sam will HASTEN VICTORY. It will hasten the return of the brave boys we have sent over there. Your loan will hasten preparations and encourage the brave and bleeding armies of our allies. Life and death, liberty and liberty, depend upon the generous, enthusiastic efforts of red blooded men and women and boys and girls. Buy Thrift Stamps today. Every individual in this county should buy them and constitute himself or herself a committee to boost them. No matter how much or how little you have, you can give something. You can buy as low as a 25-cent stamp—you can buy as high as \$1,000.

Remember—Thrift Stamps costing 25 cents each can be purchased at any Coshocton county bank or postoffice and at many stores. A book is furnished you with places for 16 of these stamps. When the book is filled it can be taken to any bank or money order postoffice and exchanged for a War Savings Stamp worth \$5.00 in January, 1923, which is giving you 4 per cent interest compounded quarterly. By buying these you *SERVE AS YOU SAVE* and you speed the day when the world will again be clear of the dark cloud hovering over it.

HORSES AND CARRIAGES
PUBLIC HORSE AND COW SALE
Friday, February 8, 1918. On this date I will hold my usual horse sale. Most any horse will find a market at what it is worth, except a little one. There will be offered several fresh and springer cows as good as can be bought locally. Consign your horses and cows and bring them direct to the big sale barn and not sell them on the street and at other barns. I will protect you and give you a square deal. John M. Adams, Citizens phone 54, Coshocton, Ohio.

MARE, for sale, four years old; also colt, coming yearling; 4 black calves 9 months old. Wm. Graham, Fresno, O.

Turks and Caicos Islands.
Turks and Caicos Islands form a dependency under the government of Jamaica, but geographically they are a portion of the Bahamas, of which they form the two southernmost groups. There are upwards of 30 small islands with an area of 165 square miles, but only eight are inhabited. The population is about 8,000, of whom only 300 are whites. The most important industry is the salt raking.

Fight It Out Now.
You cannot run away from a weakness; you must sometime fight it out or perish, and if that be so, why not now and where you stand?—R. L. Stevenson.

Roumania Founded in 1859.
Roumania was formed in 1859 by the union of Moldavia and Wallachia, two principalities tributary to the sultan of Turkey.

What called you to go to the village church, old man?
"Why, the bellies,"
"The bellies?"
"Yes."
"Take care you don't have to ring one of them."

He Didn't Know.
Mark Twain and his peculiarities were being discussed by an English class in a high school. One youthful orator had very eloquently described Mark's personal appearance and had laid unusual stress on the author's fondness for wearing white flannels.

"Gee," said one much-interested youth, "I don't see how the public knows whether his flannels are red or white."

Was a Good Waiter.
He had just reached the philistine stage when he slipped into a restaurant for a bit to eat. Then he sat staring ahead, quietly thoughtful in expression, and waited.

It is admitted he did some waiting, too. What happened to his order couldn't be understood outside the peculiar restaurant kitchen, but he spent half an hour sitting there staring ahead of him.

At last it came. As the waitress put the order before him he started from his deep study, as if he had forgotten he had an order coming. Then, looking up at the fair transporter of edibles, he said:

"You don't look a day older!"

He Didn't Know.

AUTHORS AS LONG WALKERS

Dickens, Wadsworth, Southey, Fawcett and Others Were Classed as Pedestrians of Prominence.

It is calculated that Wordsworth, in his many years of sauntering, must have traveled a distance of 180,000 miles. What sights he saw during such prolonged and delightful wanderings only those who have the poet's mind and eye can even guess, observes London Tit-Bits.

Charles Dickens was a confirmed tramp, and no doubt acquired his experience of "life on the road" from actual acquaintance with all sorts of vagabonds and odd characters.

One of the most remarkable of unprofessional walkers was Professor Wilson, the "Christopher North" of literature. His fine physique and great endurance prompted him to the performance of wonderful feats, which seemed to him entirely a matter of course. He once walked 40 miles in eight hours, and at another time walked a distance of 80 miles in 24 hours.

Henry Fawcett, also, was a tireless walker, and one who, when deprived of sight, did not think of relinquishing this among many forms of exercise. His was a familiar figure on the roads about Cambridge, and there is no exaggeration in saying that few men blessed with all his senses could enjoy nature more thoroughly than he.

Southey, worn and preyed upon by mental application and the practical anxieties of everyday life, found his greatest relief in tramping about the country.

John Stuart Mill delighted in pedestrian tours, and Charles Lamb, though he loved town better than country, was one who believed in sweeping cobwebs from the brain by brisk and continuous walking.

WOMEN RUN OWN EXCHANGES

Much Expense Is Attached to Conducting These Praiseworthy Enterprises in Many Cities.

The general management of exchanges is about the same, wherever situated, says a writer in the Woman's Home Companion. A room or shop is provided for the reception and display of women's work, with paid saleswomen to conduct the exchange on a business basis, competent bookkeepers registering goods received and keeping accurate accounts of sales and moneys due to consignors.

It is obvious that such an organization, even on a small scale, is an expensive undertaking and the items of rent, salaries, coal, lights, stationery, wrappings, telephone and postage comprise a formidable expense account, which should justly be borne by those who benefit from its maintenance. The revenues to meet expenses are obtained in three ways. First, by a small annual fee of from \$2 to \$5 from each consignee whose work is accepted; second, by a stipulated commission of from 10 per cent to 25 per cent, according to the size and location of the exchange, which is deducted from all sales; and third, from the dues of the board of managers and their personal donations.

Describing Happiness.
There are thousands of short story writers and minor poets who can deal very effectively with battlefields, slums, maniacs, shipwrecks, disease and a thousand forms of human degeneracy, observes the New York Independent, but they are incapable of making their characters happy without making them bored and the reader likewise. The pessimist declares that evil, suffering and villainy are the natural materials of literature because they are the fundamental realities of life and happiness is only a mirage which disappears as one approaches it. The only trouble with this theory is that it isn't so. We know plenty of people who have been happy, though we have yet to meet the first of them who could describe how it felt.

W. S. MERRILL, Attorney.

DOLLARS OF LABOR AND CAPITAL JOIN TO SUPPORT FLAG

"Dollars of capital and the dollar of labor mutually support a common flag, when invested in War Savings Stamps."

With this slogan, the Young Men's Christian Association of Ohio goes into Thrift Week, starting February 2, with a War Savings Stamp campaign, to boost the government's Thrift movement. Each secretary has been requested to have a Thrift sermon delivered from the church platforms in his community on Sunday, February 3, as the opening wedge in the week's drive.

"The Thrift campaign of the Y. M. C. A. should bring to the attention of the entire community," secretaries are told by national headquarters, "the principles of wise saving, spending and investing of money and the proper use of one's personal resources. It should discourage waste of food, money and materials and should encourage production."

The Y. M. C. A. Thrift Week campaign will include meetings in the large industrial plants of the community. Formation of War Savings societies will be urged, in harmony with the plans of the National War Savings committee.

OVERSEA TROOPS TRANSPORTATION TO BE EXPECTED

(International News Service)

WASHINGTON, JAN. 30.—Co-ordinating direction of naval and army shipping to an extent seemingly impossible a month ago became a reality today. As a result, the overseas transportation of troops, supplies and the like will be greatly expedited.

The change came as a result of the decision within the navy department service of which Commander Chas. H. Bolknap is the director. The new service has demonstrated marked ability in getting its ships thru the submarine danger zone and the tonnage has practically doubled.

The war department announced today it would turn over to the overseas service upwards of 2,000,000 tons of shipping which heretofore has been operated exclusively under the direction of the quartermaster's department. Many of these vessels are manned by civilian crews and have been under civilian masters.

The bureau of navigation will henceforth supply crews from the naval reserve and the command of these ships will go to naval men. To all intents and purposes the vessels will be naval craft, although still performing their work for the army. And the change will mean that their efficiency will be doubled from the start.

It was because he knew that this change was impending that Secretary of War Baker was willing to let it be known to the senate military affairs committee that the American army in France was to be materially added to within a short time.

Find Out First.
Study to conserve your steps. When you spend an hour looking for something because you do not know where it is, you have wasted that many steps.

Gardening Indoors.
A small funnel inserted in a fern ball facilitates a continuous supply of water and does away with the necessity of taking the ball down for submersion. It is easy to find out how much water will be absorbed without dripping, and there is never a lack of the necessary water to make the ball come to a fine mature growth.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, for toxins and poisons which are then sucked into the blood thru the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washings the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, biliousness, acid stomach or constipation should begin this phosphate hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

NEW YORK, JAN. 30.—Stocks continued their upward movement at the opening of the stock market today. Advances were made in many issues. U. S. Steel advanced a point to 93 7/8. Bethlehem rose 3/8 to 77 1/4 while Crucible advanced one point to 57.

General Motors was up four points to 124 and Studebaker one point to 52.

Tennessee Copper rose 2 points to 17 3/4 and distillers advanced 5/8 to 39. Marine preferred was weak and fell 7/8 to 80 1/4.

Liberty 3 1/2's sold off to a new low record of 97 50.

The Sandwich Man.
The name "sandwich man" as applied to the men who parade the streets between two boards, on which are advertisements, was first given to them by Dickens. Although it would appear that the custom originated in the nineteenth century, the profession was without a name until Dickens conceived the humorous title, which he first employed in his "Sketches by Boz."

U. S. INSURANCE
FOR SOLDIERS
FIVE BILLIONS

CAMP SHREWMAN, O., JAN. 30.—While total insurance taken out by American soldiers now totals five billion dollars more policies are being written and will continue to be written even though the soldiers be on death beds. Division headquarters has announced that soldiers whose careers have been shortened by bullets, or who have contracted incurable diseases, can take out \$10,000 life insurance, under the government plan, even with their last breath. The only restriction is that the wounds or disease must have been received while performing their duty.

So far about 65 per cent of the soldiers have taken out insurance, the average policy being \$8,545. A total insurance taken out here amounts to \$183,040,000.

Major Gen. C. C. Ballou, commander of the 92d (negro) division, with headquarters at Camp Funston, Kansas, was here today inspecting the negro units. Ballou and aides spent most of their time with the 125th signal corps of 100 men and the 317th Engineers of 1,300 men.

The intelligence department today was sorting out about 200 soldiers held at depot brigades as aliens to determine which shall be interned for the period of the war and which shall be given discharges.

"TWIN BEDS"

"Twin Beds," the rip-roaring comedy will be the attraction at the 6th St. Theatre on Friday evening. No more diverting comedy has ever been staged on the English speaking stage, or has any play in history its record. It has played to the largest average receipts in the history of the Metropolitan theatre, and is destined to live a long life, and a well deserved one. "Twin Beds" tells the clever little story of the domestic difficulties of three married couples who live in the same apartment house and have been unanimously declared by newspaper critics to be the best comedy ever written. Its presentation here will be given by the same splendid New York company that recently played the Elmer Ave. Opera House, Cleveland, and the Grand Opera House, Cincinnati, with Louis Bolton in the leading role.

DEMAND FOR MOTOR CARS BRINGS NINE-DAY SHOW

FRED H. CALEY

SCENES IN CLEVELAND SHOW

The nation's first nine-day automobile show runs in Cleveland from Saturday, Jan. 19, through Sunday, Jan. 27. The management decided to extend the usual period of one week for the exposition in America's richest automobile field. Last year the number of motor cars owned in Ohio increased 100,000 over the preceding year, the number being registered during 1917 going well over the 500,000 mark. Throngs at the show have been so great in recent years that additional facilities have been provided this time for the thousands—and increased thousands—who each year attend the exhibition.

The increasing demand for motor transportation in practically every sphere of life will be reflected in the exposition, which promises to be the most interesting ever staged by the industry in Ohio. Every type of motor vehicle will be on display, including farm tractors.

Alterations in the mammoth Wigglesworth building, which is devoted to the implements which are doing so much to make farming more efficient, more productive and less burdensome. With the farm tractor developed to a stage of practicability, it has been included in the annual exhibition of motor vehicles achievement. There are fifty makes of passenger cars for inspection, with a large showing of accessories, parts and sundries. The accessories department is along the east and south walls of the coliseum.

The usual attractive setting has been arranged. Scores of pillars have been utilized in turning the great show place into a bower of flowery beauty, and a sense of springtime out-of-doors has been created for the pageant of motor cars. Entertainment features also are provided, with concerts every afternoon and evening during the nine days of the show. Vocal and instrumental soloists appear with Louis Rich's orchestra. Fred H. Caley is again manager of the Cleveland show.

AUSTRIA-GERMAN LINERS CARRY SAMMIES OVER

By NEWTON C. PARKER
(International News Service)

WITH THE AMERICAN ARMY IN FRANCE, JAN. 30.—Contradicting German claims that few former Austro-German liners are carrying American troops and supplies across the Atlantic, it was learned today from an authoritative source that such ships with a total tonnage of approximately 500,000 have already arrived in Europe. They include the American, President Lincoln, President Grant, Covington, Pawlathian, Madawaska, George Washington, Mount Vernon, Aeolus, Argemone, Mercury, Puchoblast, Antigone, Huron, Baron Steuben, Baron De Kalb and Lexington.

The foregoing cablegram does not indicate in any way the present whereabouts of the ships. It is possible that they have made round trips and are now in American ports.

It may be recalled that Secretary of War Baker said before a military affairs committee that the United States would have half a million armed men in France early in 1918. The above cablegram gives a good idea as to where the United States has been sending her tonnage for the transportation of soldiers and the vast war supplies to France.

SHOW

(Continued From Page One)

ment. They had selected Senator O. B. James, of Kentucky, to make the reply to Senator Chamberlain but with the fight over the war cabinet postponed for a few days, it was expected they would save their ammunition.

The senate military affairs committee today continued its probe of the army with unabated zeal. It called to the stand Major General George O. Squier, chief of the signal corps of the army, to learn how much progress has been made in the construction of America's air fleet. Upon the completion of the inquiry into aviation the committee will turn to the powder and ammunition situation. Disturbing reports on this subject have reached members and they are anxious to learn the truth about them.

Meanwhile, determined to do everything possible to strengthen America's fighting arm, the committee prepared to report urging immediate adaptation of the joint resolution to register for the draft all young men who have become of age since June 5, 1917. This will add approximately 500,000 men to the one immediately available for the draft, it is estimated. The resolution, however, will not embody Secretary Baker's plan to exempt men who pass the age of 31.

CABINET MEN WRESTLE WITH STIFF PROBLEM

WASHINGTON, JAN. 30.—A centralized plan for solving the housing problem of the nation was agreed on today at a conference attended by Secretary of War Baker, Secretary of the Navy Daniels, Chairman Hurley, of the Shipping Board, Secretary of Labor Wilson, and other administration officials.

It was decided to urge the immediate passage by the house of the Fletcher bill asking for an appropriation of \$70,000,000 to meet the housing problems in connection with the ship yards and to seek further legislation to effect a solution of the problem as it exists generally.

The \$70,000,000 provided in the Fletcher bill, which the senate already has passed, will be administered through the shipping board which will have direct charge of all construction work with the approval and advice of the navy departments and with Secretary Wilson acting in an advisory capacity.

SICK LIST

RED CROSS ROOM AT CANAL LEWISVILLE

A Red Cross's workroom has been opened in Canal Lewisville. The room is located in the high school building and is open every Wednesday afternoon and evening.

KNITTERS, GET 'EM INTO HEADQUARTERS

The Red Cross is planning to make a shipment Thursday, and the authorities request that any knitted articles that are completed be turned in to the workroom tomorrow.

Husking Indian Corn.

The husking of Indian corn is a menial proposition. Husking and cribbing of this staple cereal must be done by hand. Machinery has never satisfactorily grappled with the task. To merely harrow single-hand could husk 50 bushels of corn in a day but greater skill has raised the possible output per person to between 80 and 100 bushels. That men and boys, women and girls, may become more proficient in the work, husking schools have now been established throughout the corn belt. These schools are for business, and must not be confounded with husking bees, which are costly for time-Christian Science Monitor.

Will Entertain Bridge Club.

National Strike Movement Grows Thruout Germany

COPENHAGEN, JAN. 30.—More than a quarter of a million German workers, including both men and women, have joined the national strike and the number is increasing, according to information received here this afternoon from the border.

Despite the presence of troops with machine guns at Essen the labor troubles are said to have spread to the Krupp works.

AMSTERDAM, JAN. 30.—Seething industrial and political unrest throughout Germany which is now marked by a rapid growth of the national strike movement, is causing the imperial government genuine alarm.

Advises received here today from the German frontier estimated that nearly 2,000,000 workers were idle in Germany.

The walkout spread to factories engaged on war work and the supply of munitions and aeroplanes is seriously hampered in some districts.

Many women went out with the men. Numerous strike leaders have been arrested and the Berlin police issued a warning against street agitators and secret assemblies.

It is reported that Adolph Hoffmann, editor of the Vorwaerts, chief organ of the German Socialists and working classes, has been seized by the police and his paper threatened with a long suspension unless it ceases its attacks upon the army leaders.

Another telegram from a German source reported the arrest of some of the leaders of the independent Socialist party while warnings were served upon others.

Leaders of the pan-Germans are demanding the most drastic means of suppressing the labor agitations.

The pan-Germans want the government to give Von Hindenburg and Von

Leinhardt a free hand in dealing with the Socialists and strikers.

Dr. Philip Scheidemann, leader of the Socialist party, has been refused permission to speak at a Socialist rally at Leipzig on Feb. 3, and it is likely that the police will not allow the meeting to assemble.

The German government is threatening to remove permission for public meetings thruout the country until conditions become quieter.

Nearly all of the workmen of the Daimler Electric Co. and the General Electric Co. in Berlin, are out.

The strikers attempted to hold a demonstration against the food shortage but were dispersed by the police.

Many coal miners in Prussian centers struck and tried to persuade Russian prisoners of war (who were working in the mine), to quit also, but the Russians had too much fear of the German soldiers.

Workmen in naval factories at Kiel and Bremen quit work and sailors were hurried ashore from war ships in the harbors to guard the plants. The strikers grew threatening and there were shouts of "Bolsheviks Onward!"

Pock workers at Hamburg threatened to strike but it is not definitely known whether they have done so.

An Amsterdam cablegram to the International News Service on Tuesday told of the growing strike movement in Germany, especially in the environs of Berlin, where many workers in aeroplane and electrical factories went out. It was the first intimation to the outside world of the real dimensions of the strike movement in Germany.

It was reported that a workmen's council, composed of a number of labor leaders and Socialists, has been formed in Berlin.

Kentucky's Floods Are On Increase

LEXINGTON, KY., JAN. 30.—Ice gorges in the Ohio river at Ramsey, and Calhoun, Kentucky, broke today and floods in the district caused considerable damage.

The gorge at the mouth of the Green river is holding, it is reported, but a break would damage property valued at \$2,000,000.

PADUCAH, KY., JAN. 30.—Damage estimated at \$1,200,000 was caused to shipping on the river, Ohio by the breaking of ice gorges, according to river men here today. So far no loss of life has been reported. Captain Johnson, commander of the Ayer Lord Fleet, is of the belief that all men on the boats were able to escape before they were caught in the ice floes and either sunk or carried downstream.

RULING MODIFIED.

COLUMBUS, O., JAN. 30.—An order issued by Food Administrator Croxton this afternoon takes rye flour off the list of substitutes which may be sold in combination with wheat flour. Rye may be sold alone without the purchaser being required to take an equal amount of some other wheat saving substitute.

Croxton also ruled that graham and whole wheat flour call for substitutes except that instead of selling an equal amount of the substitutes dealers may sell six tenths of the other substitutes along with the graham or whole wheat flour.

CARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors, for their kindness during the illness and death of our darling baby, and the beautiful floral offerings. Also Rev. Markley for his kind words of comfort.

Mr. and Mrs. Adam Strohecker, Brother Lavern.

PORTSMOUTH, O., JAN. 30.—The largest tow boat on the Ohio river, the J. R. Ware, owned by the R. J. Hickey Transportation Company, Cincinnati, Kentucky, was sunk in thirty feet of water by the ice jam today. The vessel was valued at \$30,000. Eight barges also went down. The crew had a narrow escape from death. About 20 house boats, moored here caught fire during the night and were consumed by the flames.

CINCINNATI, O., JAN. 30.—By a sudden loosening of the ice gorge in this harbor shortly after 10 o'clock this morning the steamer Louisville broke from her moorings, struck a government fuel boat and sank. All hands were saved.

The \$75,000 Convoy Island pleasure steamer, Princess, which was tied up at Carrollton, Kentucky, is reported to have sunk to her boiler decks last night.

All craft remaining here are bugging the shore and hope to escape.
